An easily removed lining for gas ranges, containing several shelves and racks, has been patented by a New York inventor to lessen kitchen work.

## WOMEN PREPARE FOR CHARGE

Suffragists From All Over United States to Make Big Demonstration in Washington.

Washington, D. C., May 8.—With but a day remaining before they will march on congress and demand the passage of a constitutional amendment enfranchising women, suffragists from all over the United States were prepared today for their final charge. Everything is in readiness for the demonstration and only the word from the chief marshal, Mrs. George O'Dell is awaited to set the procession in motion.

Every state in the union will be represented. The marchers have come bearing petitions and resolutions addressed to their congressmen urging the passage of a constitutional amendment.

Representative Mondell, author of the resolution proposing a constitutional amendment, which has been reported to the house from the judiciary committee, today announced that he would offer a special rule making the resolution in order if the program makers refuse to give it due place.

The suffragists have been promised ample police protection and no untoward incidents which marked the suffrage procession here on March 3, 1913, are looked for.

## ENGLISH POLO CLUB CANNOT WITHDRAW

New York, N. Y., May 8.—No cognizance will be taken by the Polo Association of the representatives from London that England will withdraw its challenge for a series of games for the international polo cup. A statement containing this declaration was issued yesterday by Harry Payne Whitney, captain of last year's international team, and the man largely responsible for returning the cup to this country and defending it against two invasions.

The Hurlingham club cannot withdraw its challenge, Mr. Whitney said, any more than Sir Thomas Lipton could withdraw from the America's cup race after trying out his boat and finding that it did not suit him. All arrangements for a series of games have been made between the Hurlingham club and the Polo association and not between individuals.

## ENGLISH MILITANT GIVEN SENTENCE

Leeds, England, May 8.—Lillian Lenton, a militant suffragette, was sentenced today at the Assizes here to a year's imprisonment for setting fire to Westfield House, in June last year.

Miss Lenton, while awaiting trial for the crime, which she confessed, was released after a hunger strike. She disappeared and remained in hiding for almost a year, but was re-arrested a few days ago at Brighton.

## SENATE TO OFFER GOOD ROADS BILL

Washington, D. C., May 8.—A bill appropriating \$5,000,000 for the construction of good roads probably will be agreed on by a sub-committee of the senate postoffice committee.

This measure is a substitute for the house bill authorizing an appropriation of \$25,000,000 for this purpose. The present plan is to hold a meeting of the sub-committee this week.

## ELECTRICAL DEVICE TO RECORD VOTES

Washington, D. C., May 8.—Members of the house will have their votes recorded with an electrical device at the opening of the next session of congress. Decision to install such a device was agreed on at a conference yesterday of house leaders.

Speaker Clark, Democratic Leader Underwood, Chairman Henry of the rules committee, Representatives Lloyd of Missouri, and Walsh of New Jersey, participated. The house will be asked to appropriate \$20,000 to purchase the apparatus and Elliott Woods, superintendent of the capital, will supervise its installation during the recess of congress.

The scheme is to simplify and shorten the roll calls.

## UTAH NATIONAL FOREST ENLARGED

Washington, D. C., May 8.—On recommendation of Secretary Lane, President Wilson has just signed a proclamation enlarging the Fillmore National forest in Utah to the extent of 91,630 acres.

This action was taken to secure a better administrative boundary for the forest and to protect the watershed in the vicinity of the town of Beaver.

## AMERICAN METHODS DISCUSSED IN ROME

Rome, May 8.—American methods of rural life were discussed today before the International Council of Women by Miss Janet Elizabeth Richards of Washington. The success of these methods, she said, had been proved by the fact that foreigners were sending their sons to America to study them.

Queen Mary of England has con-

sented to become a patron of the English council of women, according to an announcement made today by Mrs. Creighton, one of the British delegates. Mrs. Creighton added that the English council was in favor of woman suffrage, but not of militancy which was advocated by only an insignificant minority of the women in England.

## NEVADA INDEBTEDNESS.

In 1880 the total debt of Nevada at the close of the fiscal year, December 31st, was \$136,000; in 1900 it was \$567,000; in 1912 it was \$671,000. The population of the state was 62,000 in 1880, 43,000 in 1900 and 91,000 in 1912. In 1880 the per capita debt was \$6.03; in 1900 it was \$13.35; in 1900 it amounted to \$15.17, but declined to \$6.70 in 1912.

In contrast with the State of Nevada, we find that, taking the entire debt (less sinking fund assets) for the forty-eight states, the per capita debt, according to the latest report, is \$3.52, or \$3.18 less than the per capita debt of Nevada. Comparing the increase in the per capita debt of Nevada and the decrease for the forty-eight states for the thirty-year period, we find the ratio of increase for Nevada is just one-third the ratio of decrease for the forty-eight states, the \$5.48 falling to \$3.52 in the average for the forty-eight states, and \$6.03 advanced to \$6.70 in Nevada.

At the present time about 0.1 per cent of the total population of the United States will be found in the State of Nevada, and 0.2 per cent of the total debt (less sinking fund assets) is attributed to that State.—Bulletin of Department of Commerce.

## PRODUCTION OF SULPHURIC ACID

The production of pyrite in the United States in 1913, according to W. C. Phalen of the United States Geological Survey, was 341,338 long tons, valued at \$1,256,084, a decrease of 9,520 long tons in quantity and of \$48,175 in value, compared to the output in 1912. The production in the leading states—Virginia and New York—diminished slightly; in California there was an increased production; and in Wisconsin the output also continued to increase.

According to actual returns for the year 1912 the production of sulphuric acid in the United States was 3,538,950 short tons of 50 per cent acid, valued at \$22,566,482. This output does not include a small amount of fuming acid, but does include by-product acid—that is, acid obtained in the smelter industry. The acid produced at copper and zinc smelters in 1913 amounted to 790,295 short tons of 50 per cent acid, valued at \$4,246,272, compared with 764,237 short tons valued at \$4,240,941 in 1912.

## NEW SKIRT LINES.

In the suit sketched here the little bolero follows familiar lines but the skirt is entirely new. The yoke fits the figure and is pointed front and back, the full circular flounce following this outline. The skirt is draped in such a way that it gives the effect of a wide wash, this effect being heightened by a knot with ends set low on the yoke in the back. The material of the suit is a black taffeta for the plain portions, the figured bolero being made of Egyptian crepe in bright yellow with designs in burnt orange brown and green.

## FULL HONORS FOR OLD HERO

Twelfth Regiment, N. Y. National Guard, the Old Guard, G. A. R., and Regulars Escort Sickles Funeral Procession.

New York, N. Y., May 8.—Funeral services for General Daniel E. Sickles were held today in St. Patrick's cathedral.

Full military honors were accorded the old hero. The coffin bearing his body was placed on a gun caisson by the pall bearers, comrades from Phil Kearney post, G. A. R., and the funeral procession then moved up Fifth avenue from the general's home to St. Patrick's cathedral, escorted by the twelfth regiment, New York National Guard, the Old Guard, Grand Army posts and a battalion of regular troops from Governors Island. Late today the body will be taken to Washington, D. C., for interment in Arlington.

## ROOSEVELT STIRS UP LONDON PRESS

New York, N. Y., May 8.—The adverse criticism in the London press following statements by Sir Clements Markham on the question as to whether Colonel Roosevelt really discovered a new river in Brazil has resulted in geographers coming to the defense of their fellow countryman, or at least counselling that judgment be withheld until further details are received.

Before sailing from Paris for New York yesterday, Colonel Roosevelt stated that he had sent a letter to the Royal Geographical society, in London, offering to deliver a lecture refuting the remarks of Mr. Savage-Landor, who said that the province the Amazonas lacked the germ of civilization.

Should Colonel Roosevelt go to London he may have an opportunity to meet his critic, Clements Markham, formerly president of the Royal Society, who has asked if the newly discovered river is not in reality the Canama river traced further south than it had been followed before.

## MORE TALESMEN FOR BECKER TRIAL

New York, N. Y., May 8.—The third section of 100 of the 300 talesmen drawn for the second trial of Charles Becker, former police lieutenant, charged with having instigated the murder of Herman Rosenthal, reported today. Meanwhile another panel of 100 names was being drawn.

From the remaining 200 talesmen it was expected that the six vacant seats in the jury box would be filled and that District Attorney Charles S. Whitman would make his opening address on Monday at the latest and possibly tomorrow.

Process servers for the defense yesterday subpoenaed Warden Clancy and Rev. William C. Cashin, the Catholic

## ALIAS SUMMONS.

In the Municipal Court Within and for the City of Ogden, County of Weber, State of Utah. Before Hon. W. H. Reeder, Jr., Municipal Judge and Ex-Officio Justice of the Peace.

Joel J. Harris, doing business as the Harris Grocery Company, plaintiff, vs. E. K. Lewis, alias E. K. Vernon, Defendant.

The State of Utah to Said Defendant:

You are hereby summoned to appear before the above entitled court within ten (10) days after service of this Summons upon you, if served within the county in which this action is brought, otherwise within twenty (20) days after this service, and defend the above entitled action; in case of your failure to do so, judgment will be rendered against you according to the demand of the complaint in said action, which was filed in said Court on the 10th day of March, A. D. 1914.

To the Sheriff or any Constable of Weber County, Greeting:

Make legal service and due return hereof.

WITNESS, HON. W. H. REEDER, JR., Judge of said Court, with the seal thereof, this 27th day of March, 1914.

I, N. FULTON, Clerk.

This action is brought to recover the sum of \$29.20 for goods, wares and merchandise sold and delivered to the defendant by the plaintiff.

NOTICE OF INTENTION.

Notice is hereby given by the Board of Commissioners of Ogden City, Utah, of the intention of said Board to make the following described improvements, to-wit:

To lay out, establish and open a public street to be named Endion Avenue, north and south through block 39, plat C, Ogden City survey, said street to be 66 feet wide, being 23 feet east and 33 feet west of the lot line between lots 1, 2, 3, 4, 5 and 6, 7, 8, 9, 10, block 39, plat C, Ogden City survey, the whole distance between Twenty-second and Twenty-third streets, and to defray the whole of the cost thereof, estimated at \$1,900.00, by a local assessment upon the lots and pieces of ground lying and being within the following district, being the district to be affected and benefited by said improvement, to-wit: All the land lying between the outer boundary lines of said street and a line drawn fifty feet outward from and parallel to said boundary lines on both sides of the street, being part of lots 1 to 10, inclusive, block 39, plat A, Ogden City survey.

All protests and objections to the carrying out of such intention must be presented in writing to the City Recorder on or before the 29th day of May, 1914, at 10 o'clock a. m., that being the time set by said Board of Commissioners when they will hear and consider such objections as may be made thereto, at the mayor's office at the City Hall, Ogden City, Utah.

By order of the Board of Commissioners of Ogden City, Utah.
